

Where the Truth Lies

Joshua 2

II. Where the Truth Lies

A. Rahab is one of the most praised women in the bible

B. Joshua is ready to go into the promised land

C. God had another reason for the spies going into Jericho.

D. Notice three things about Rahab's faith that are critical for our understanding

1. She took to heart the truth about God

2. She took a stand against the surrounding culture

• Has your faith every asked you to go it alone against the culture?

(1.) Many times as Christians we are going to have to make a choice between our faith and our culture.

(2.) We also live in Jericho- and are surrounded by a hostile culture...and we need to be ready to take a stand.

(3.) Francis Schaefer in his book on Joshua said: "It's just plain stupid of a Christian not to expect spiritual warfare while he lives in enemy territory."

3. She took action to save herself and others

E. Application- Do you believe a final judgment is coming?

1. If you do, how do you plan to be spared?

2. Jesus stands before all men as either Savior or Judge
